Mover

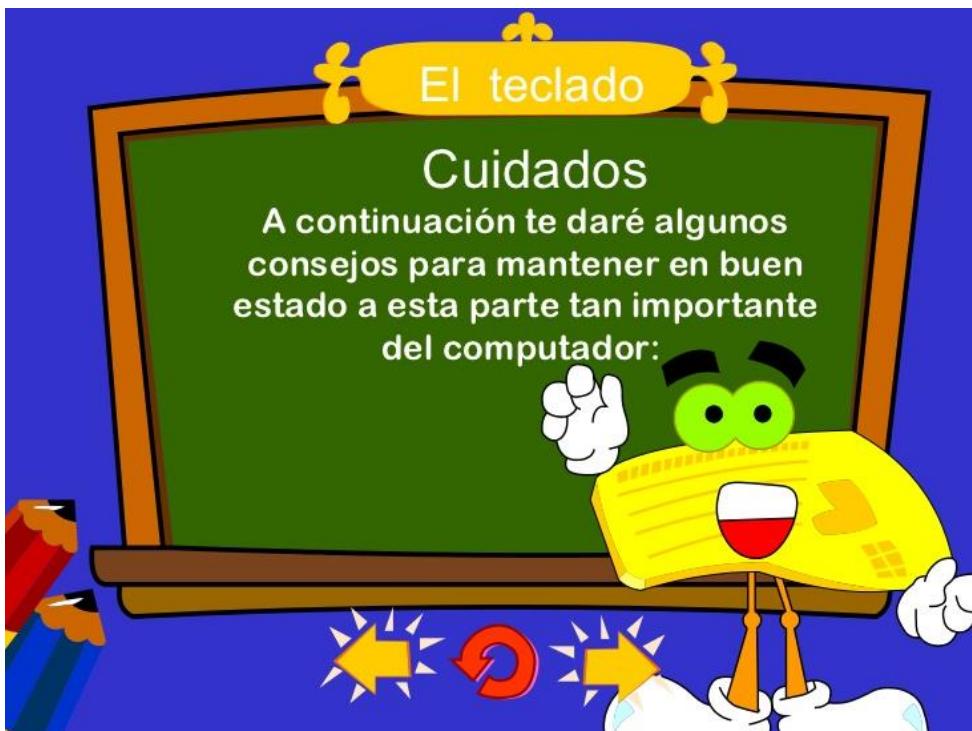

CARES FOR THE KEYBOARD

A cartoon illustration featuring a yellow keyboard character with a smiling face, arms, and legs. It is pointing towards a green chalkboard. The chalkboard has the title "El teclado" and the section "Cuidados". The text on the chalkboard reads: "El teclado es una de las partes más importantes y delicadas de la computadora." Below the chalkboard are three colorful icons: a yellow double-headed arrow, a red circular arrow, and another yellow double-headed arrow.

A cartoon illustration featuring a yellow keyboard character with a smiling face, arms, and legs. It is pointing towards a green chalkboard. The chalkboard has the title "El teclado" and the section "Cuidados". The text on the chalkboard reads: "De alguna u otra forma siempre estamos escribiendo y trabajando con el teclado, por eso es muy importante mantenerlo en buen estado." Below the chalkboard are three colorful icons: a yellow double-headed arrow, a red circular arrow, and another yellow double-headed arrow.

El teclado

Cuidados

2. Evita tener alimentos cerca del teclado y más cuando estés trabajando con él.

Puede ocurrir un accidente, como que se derrame un vaso.

A cartoon character of a yellow keyboard with a smiling face, arms, and legs is standing next to a green chalkboard. It has a speech bubble coming from its mouth. The chalkboard has the title "El teclado" and the section "Cuidados". Below the title, point 2 is listed with a note about spills.

El teclado

Cuidados

3. Pulsa las teclas con suavidad y cuidado.

Si presionas una tecla y esta no responde llama a tu profesor para que revise lo que ocurre.

The same cartoon keyboard character is shown again, this time with a speech bubble containing advice about pressing keys gently. The chalkboard behind it lists point 3 of the care instructions.

El teclado

Cuidados

4. Evita presionar las teclas cuando la computadora este apagada.

Si presionas las teclas cuando la computadora se este apagando o prendiendo puedes hacer que la computadora no realice la tarea que esta realizando

El teclado

Cuidados

5. Revisa siempre tu teclado, así como las demás partes de la computadora, antes de empezar a trabajar.
